

ESS-3P-40 Pump Pack

This pump pack consists of two isolating ball valves, red lever hot inlet, and blue lever return. Fitted to TMV (technical details on pages 2 – 5) and Wilo Yono Para pump (technical details available) designed to m

Care should be taken when connecting the ball valves to matching tails not to over tighten and cause the thread sealant on the connection to the pump pack to 'crack'. These joints to the tails are C
